

DUNLOP NEWS

With all the **Queensland Raceways** Sprint Series under way at Ipswich, and about to commence at the revamped Lakeside Park, we have great news for all competitors.

We much improved order fill rates from **DUNLOP** Japan, we have just landed a container full of the famous **DUNLOP DZ03G** tyre that for the first time ever gives us good stocks of all sizes.

The easiest and cheapest way for you to improve the performance of your car on the track is to get onto the **DUNLOP DZ03G** Street Legal Tarmac Rally / Race Tyre or “Semi Slick” to some.

By joining the **DUNLOP DOMINATES CLUB** in 2009 you will be safer as well as quicker, and remember that with each set of **DUNLOP DZ03G** tyres purchased we offer a free “Scrub Session” on track as well as entry into our Tyre Management Programme.

Give Doug Chapple a ring at the Circuit Office on 1800 RACERS or 0412 710 629 for a Price on your requirements and step up the pace in 2009.
