Shannons Sports & Muscle Car Showdown **Saturday 31st May & Sunday 1st June 2008**

Come to our place for a Happy New Year Car Party– Financial New Year that is!

Cars are meant to use petrol as well as polish. If your pride and joy, your passion, has wheels and horsepower its time you brought it out to play. Cotton balls are all well and good but if you want to get the real deal you have to use it the way it was built to be used once in a while and we've made it easy and safe for you to do just that.

You do not have to put your car at risk. If half the roads were as safe as Queensland Raceway it would halve the road toll. Your car was meant to be driven and you owe it to the people who designed it, and built it, to show what it can do – safely.

The Sports and Muscle-car Showdown brings enthusiasts a menu of activities where the ragged edge racers can run to the limit, regular drivers can work to do their regularity time trials and show'n'shiners can do the show part with movement for a change. This whole weekend is about messing about in your motor at the speed that suits you. Events for everything from push-hard to parade!

You will get to strut your stuff on the track at least six times over the weekend and see a whole bunch of historically significant cars on the track to quicken your pulse and excite your ears. Some Brock's Bathurst winners will be there and so will the mighty **Moffat Trans Am Mustang** and the **Norm Beechey Monaro** showing us what cars sound like without the 95 dB limit!

Shannons have gone to a lot of effort to make these days are special for you –
Come to QR and share the passion.
