Queensland Racing Drivers Championship

8th & 9th March, 3rd & 4th May, 5th & 6th Jul, 13th & 14th Sept, 15th & 16th Nov.

INVITATION to RACE SUPPLEMENTARY REGULATIONS

Queensland Racing Drivers Championship (QRDC) has been sanctioned by the Australian Auto Sport Alliance (AASA) and designed for you and/or your club to be used as part of an overall Queensland championship or as a stand-alone, five rounds, Queensland Raceways only championship. In choosing to run our own championship we are following in the footsteps of our Victorian colleagues who have run the AASA sanctioned Victorian Motor Racing Championship under their tried and tested insurance for the past two years.

Qld. Raceways Championship Series 2007 has been run and won. We ended up with nine groups of cars & sidecars of which most received a minimum of 3 X 18 lap Championship races. All who competed had a great time and went home feeling a little exhausted due to the number of the laps.

Its your choice to come and join us but do not leave making the decision 'till too late.

Regular Groups

Golden Holdens	(Geminis, HQ's and Kingswood sections)
Open Wheelers	(F/V, F/F, AF2 F3 and Libra cars <1200cc, <1800cc & Open sections)
TopGear Sedans	(originally designed with 4 doors or 4 seats – logbook optional)
TopGear Sports	(originally designed with 2 doors or 2 seats – logbook optional)
JDM	(Japanese Domestic Market - Elite and Club sections)
Qld Tour. Car Challenge	(Group A, Group C, Group N, muscle cars etc-logbook required)
Super Tin Tops	(Improved Production, Sports Sedans etc- <2000cc & Open sections -logbook required)

Plus Private Groups for:-(Private Battlegroups should be 15 or more cars competing.)

Queensland Sidecar Championship

Sections:

The sections within these groups will be along conventional lines. Hopefully we have made these definitions wide enough that there is at least one section you will be able to race your car in. We have deliberately designed it so that a car can be entered into two sections if you choose, e.g. an Improved Production Datsun 1600 could race in the under 2 L Super Tin Tops and in the TopGear sedans - this should assist with the family harmony and father/daughter sharing of a single car.

Track Configurations:

The track configuration for Round 1 will be the NATIONAL CIRCUIT for all groups except for those who have special Battlegroup requirements arranged prior to the Event.

Private Groups

Whilst many people have expressed enthusiasm to build their own groups, we will still offer groups which are built on the existing cams categories so competitors will find it easy to compete at both QR and Morgan Park.

Note:- Any other group wishing to have its own group should contact the QR office on 07 54619100.

Entry Fees

- \$175 early bird entry fee (2 weeks prior to the event)
- \$225 entry fee (received no later than the Friday before event)
- \$175 for the QR passholders received any time up until the event
- \$100 for Second Driver and entered car in another group.

Timetable - Friday Practice

Gates open at 07:30 on Friday morning and all day Practice will commence at 08:30. If requested we will also organise practice grid starts during the day for those that need them. Cost is \$80 for ½ day or full day is \$120. QRDC entered drivers only pay \$80 for the full day.

Timetable – Racing

The timetable, for the QRDC Event groups, will be set to provide the following track time; for your \$175 Early Bird entry fee you will receive:

- Saturday Two 15 minute qualifying sessions Saturday morning (if possible)
One 15 lap race on Saturday afternoon
- Sunday Two 15 lap races

Unless pre-arranged stand alone categories require different event structure's.

Thanks:

To all those people who have shown support & interest and made suggestions for a better race series we'll take this opportunity to express our appreciation to all those that have e-mailed and rung us and helped us to understand what they want. Other than Private Groups included the above is set for this year but please send e-mail to: admin@queenslandraceway.com.au with any further suggestions you may have that we might be able to include in the QRDC event structure.

Please remember QR is about treating you as a customer not just a competitor. If you think something can be done better - tell us – we do listen.

Thanks from the QR Team
